Cracks in the foundation of learning start at an early age. If not corrected early enough, it may be too late!

**Why EducationNOW?**

- We help children to build up their confidence.
- We teach children in their language of learning.
- We back it up with a Tutor Help Line.
- We teach them at their own pace.
- We replace once a week tutoring with 24 hours 7 days a week tutoring.
- We monitor their weak areas and concentrate extra tutoring in these areas.
- We realise their potential by building up their confidence.
- We help to improve their performance & realise their success.

Written for students by teachers and professors.

- Written in their language of learning.
- Implementing the pedagogy of education to ensure better results.
- Breaking down the complexity and creating simplicity in learning.
- Using interactive state of the art technology combined with tutor help to enhance the confidence of children and generate better performance.
